### **Form and function Englicious org**

A useful distinction in grammar is that of form and function. Grammatical form is concerned with the description of linguistic units in terms of what they are, and grammatical function is concerned with the description of what these linguistic units do. Note that we use capital letters at the beginning of function labels.

### **What Is Functional Grammar with pictures**

@David09 - Yeah, this introduction to grammar form and function remind me of good old sentence diagramming, back in my day. While, like you, I don't fully understand the difference between functional grammar and regular grammar, I do know that in sentence diagramming you break sentences up to find up what the different parts of it mean.

## **Form and Function The Internet Grammar of English**

We have used the word "form" quite often in the Internet Grammar. It was one of the criteria we used to distinguish between word classes -- we saw that the form or "shape" of a word is often a good clue to its word class. When we looked at phrases, too, we were concerned with their form.

### **Function vs Category Grammar Quizzes**

For this reason, in current grammar descriptions, one does not say "adjective clause" (a clause cannot be an adjective, but a clause can function as a modifier) or "a noun used as an adjective" (a noun cannot be an adjective, but a noun can function as a modifier). Azar, Murray and Swan do not cover function vs. category (in the texts cited below).

### **grammar What is the function of as in the sentence**

Assuming it is also grammatically a sentence, that makes the grammatical function of "as" a converter of a sentence ("never before") into an adverb ("as never before"). In categorial grammar, consequently, we could write down the category of "as" as Adverb/Sentence. In traditional grammar, I suppose we could make "as" a subordinate conjunction.
